

COLLAR, CUFF AND YOKE PRESS

Short introduction:

- Is able to press directly after cloth drying.
- Uses high-quality pneumatic components with specially designed steam circuit. It is controlled by compressed air. No need of power. It is stable, reliable and safe.
- With 6mm polished stainless steel plate and reasonable steam pressure, it can ensure high-quality pressing and perfect goodness of fit.
- The design of steam circuit is very simple and efficient. Temperature rises fast and with low power consumption.
- We can customize products according to your request.
